Immediate Joiner

PROFESSIONAL SUMMARY

BCA graduate with hands-on experience in Machine Learning, Deep Learning, Python Development, and Data Analysis. Skilled in Python, TensorFlow, Scikit-learn, OpenCV, SQL, NLP, and AI application development. Experienced in building ML models, data pipelines, and deploying intelligent solutions using Flask and Streamlit.

TECHNICAL SKILLS

Programming: Python, SQL, HTML, CSS

ML & AI: Regression, Classification, Clustering, ANN, CNN, NLP, TF-IDF, Feature Engineering, Model Evaluation

Libraries & Frameworks: TensorFlow, Keras, PyTorch, Scikit-learn, OpenCV, Flask, Streamlit, Pandas, NumPy

Tools: Git, GitHub, Jupyter Notebook, Google Colab, VS Code, MySQL

Data Analytics: Data Cleaning, Data Preprocessing, EDA, Data Visualization

PROFESSIONAL EXPERIENCE

Bluestock Fintech

Feb 2026 – Mar 2026

Python Developer Intern

- Developed software solutions and application features using Python and modern development tools.
- Implemented business logic and automated workflows to improve application efficiency.
- Collaborated using Git and GitHub while following software development best practices.

SevenMentor Pvt. Ltd., Pune

2025 – Present

AI/ML Engineer Trainee

- Built and optimized machine learning models using regression, classification, and clustering techniques.
- Performed data preprocessing, feature engineering, and exploratory data analysis on real-world datasets.
- Developed AI applications using TensorFlow, Keras, Flask, and Streamlit.

PROJECTS

AI-Powered College Assistant Chatbot | Python, Flask, Scikit-learn, TF-IDF

- Developed an NLP-based chatbot using TF-IDF vectorization and intent classification for automated student query resolution.
- Integrated the model with Flask to provide accurate real-time responses through a scalable web interface.

Smart AI Real-Time Monitoring System | Python, OpenCV, Deep Learning

- Built a real-time monitoring system using OpenCV and deep learning models for automated activity detection.
- Implemented alert generation and optimized inference performance for scalable monitoring applications.

EDUCATION

Bachelor of Computer Applications (BCA)

2022 – 2025

Adarsh Mahavidyalaya, Vita | CGPA: 7.6/10

RELEVANT COURSEWORK

Machine Learning • Deep Learning • Data Structures • Database Management Systems • Statistics • Data Analytics

CORE COMPETENCIES

Problem Solving • Machine Learning Development • Data Analysis • Feature Engineering • NLP • Computer Vision • Backend Development • Team Collaboration

CERTIFICATIONS

Machine Learning • Artificial Intelligence • Python Programming • MySQL • Power BI • Statistics for Data Science
